Prof. Ken Pettey Congress Chairman

The year 1920 was a special year in the history of veterinary science in South Africa, when both the Faculty of Veterinary Science and the South African Veterinary Association were founded. During 2020, the “*twin centenaries of veterinary education and national association*” will be celebrated and commemorated and will culminate in a Vet100 Congress, from 30 June – 2 July 2020 at Onderstepoort.

We are in the process of tracing the history of veterinary education, and are keen to obtain as many old documents and photographs as possible - from formal university documents to documents linked to both sports and other clubs and societies, to information on the curriculum, academic and other awards, to photographs (class photos, sports team photos, student committee photos, etc.). We would like to use the pictures in a centenary website, to create multiple collages in the Theiler Building and in an e-book.

If possible, we would like to collect documents and photographs, use the information/images in our research and donate the originals to the UP Archive where they will be available for future generations but, if you prefer, we will return the originals to you. The UP archive, an official affiliate of the National archive, was made the custodian of veterinary educational documentation from 2002 and includes both UP and MEDUNSA archived documentation.

In addition, we would like to publish a collection of special stories/recollections, both of an academic, sports and social nature. You do not have to be a writer or celebrated author to write your story – where necessary, we will arrange for editing.

Everyone in the veterinary and para-veterinary family is invited to participate and contribute to help us commemorate 100 years of veterinary education & service, in all its various aspects, as accurately as possible.

Sincerely,

Ken Pettey

SPONSORSHIP OPPORTUNITIES

Veterinary Education & Services: 1920-2020

Proposed Programme

Day 1: Tuesday 30 June

Inspire the next - Veterinary education in the 21st century

Time	Title				
07h30	Registration opens - arrival coffee and tea				
09h00	Welcome & Introduction (<i>Prof. Ken Pettey</i>)				
09h05	Official Congress Opening (<i>Prof. Vinny Naidoo</i>)				
09h20	Historical perspectives on the Faculties of Veterinary Science (UNISA, UP and Medunsa) (<i>Prof. Morkel Terblanche</i>)				
10h00	Main Sponsor Presentation - Zoetis				
10h30	Mid-morning refreshments				
11h00	Industry networking				
	Plenary Session		Parallel 1 Skills Training	Parallel 2 Skills Training	Parallel 3 Skills Training
11h20	Inspire the Next	Teaching of the veterinary team: yesterday, today and tomorrow (<i>Prof. Dietmar Holm, University of Pretoria</i>)	A1. Next generation sequencing data analysis (<i>Dr Kgomotso Sibeko</i>)	A2. Advanced wound management (<i>Dr Yolandi Smit</i>)	A3. Advances in tracheal collapse in toy breeds: tracheal stenting (<i>Dr Paolo Pazzi</i>)
12h00		One Health and the Veterinary curriculum: Are they linked? (<i>Prof. Dick Heederik, Utrecht University</i>)			
12h40		Panel Discussion: Is Veterinary Education currently fit for purpose?			
13h40	Lunch		Parallel 1 Skills Training	Parallel 2 Skills Training	Parallel 3 Skills Training
14h30	Shaping the Future	The Veterinarian of 2040: What will (s)he look like? (<i>Prof. Merel Langelaar, Utrecht University</i>)	Transcriptome Analysis (<i>Prof. Henriette van Heerden</i>)	Uses of minimally invasive surgical techniques in equines <i>Dr Yolandi Smit (Surgery)</i> <i>Dr Tine Schlievert (Medicine)</i>	Advances in Maxilla-facial surgery (including 3D printing) (<i>Prof. Gerhard Steenkamp</i>)
15h10		The Veterinary Practice of 2040: Current trends and survival strategies (<i>Dr Stephen May, Royal Veterinary College</i>)			
15h50		Corporate Practice in South Africa (<i>Dr John Adam, Tygerberg Animal Hospital</i>)			
15h40	Mid-afternoon refreshments		Parallel Tour options		
16h00	Innovating Tomorrow	Technology in Veterinary Medicine: Production Animals (<i>Dr Rebone Moerane</i>)	Hospital Tour / History Museum Tour / OP Res Tour / Skills Lab Tour / Wildlife Centre Tour		
16h20		Case studies demonstrating advances in diagnostics for the small animal veterinarian (<i>Prof. Johan Schoeman, University of Pretoria</i>)			
17h00	Welcome Reception in Exhibition Hall – ‘The wild-wild west BARN DANCE’				

Veterinary Education & Services: 1920-2020

Day 2: Wednesday 1 July

Research in the SDG era - Ensuring optimal health for people, animals and our environment

Time	Title				
07h30	Registration opens - arrival coffee and tea				
	Plenary Session	Parallel 1 Skills Training	Parallel 2 Skills Training	Parallel 3 Skills Training	
08h30	Perspective on 100 years of Veterinary Research (Prof. Vinny Naidoo, University of Pretoria)				
09h00	A century of service (Prof. Gareth Bath, Veterinary History Society)				
09h20	Healthy Lives and Well-being	Climate change: Research priorities for Veterinary Institutions?	TBC	TBC	TBC
10h00		Antimicrobial resistance: Where are we heading? (Prof. Moritz van Vuuren)			
10h40	Mid-morning refreshments

14h30		PG Student PAS			
14h50		PG Student CACS			
15h00	Prize Giving				
15h30	Cocktails and snacks				

The 2020 Faculty day will take place on the 2nd of July 2020, and in addition to the Arnold Theiler Memorial Lecture, only 10 oral presentations (2 from each department) will be given. These presentations as well as poster presentations will be given exclusively by our postgraduate students.

All post graduate students who are currently registered at the Faculty or will be graduating in April 2020 will be asked to submit an abstract.

We trust you will all support Faculty Day again this year and showcase your research.

For more information on the Call for Abstracts, please contact Prof. Marinda Oosthuizen at
marinda.oosthuizen@up.ac.za
